Cut pieces

Water jet

Maximum dimensions:
14 x 22 ft

Maximum thickness:
6.0"

Pressure:
55 ksi

Tolerances:
3 qualities of cut are possible

Tolerances on dimensions:
±0.06" depending on dimensions and cutting quality.

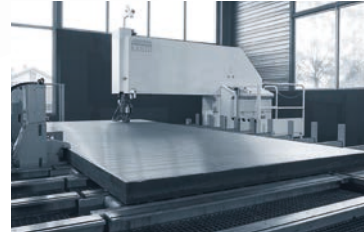

Plasma

Maximum dimensions:
14 x 44 ft

Maximum thickness:
6.0"

Thickness:	Tolerances:
≤ 1"	+ 1/8" - 0
1 → 2"	+ 3/8" - 0
2 → 4"	+ 1/2" - 0
4 → 6"	+ 3/4" - 0

Sawing

Maximum dimensions:
10 x 30 ft

Maximum thickness:
6.0"

Tolerances (all thicknesses):
+ 1/8" - 0 or ± 1/16" width and length

Send us your files in .dxf format
Tolerances on shape :
please contact us for the surface flatness and straightness of your cut pieces.

Supply of complete packages in nickel alloys: JACQUET can also deliver piping accessories, welding products, wrought pieces, screws and bolts...

Plates

More than 20 grades of stainless steel and nickel alloys,
Over 2500 tons of material are available from stock.

Stainless steel

(standard dimensions)

Thickness:
0.125 → 6.0"

Format max:
120 x 240"

Tolerances:

Thickness:
ASTM A480

Surface flatness:
ASTM A480

Nickel alloys

Thickness:
0.125 → 2"

Format max:
in stock:
96 x 240"

for other dimensions,
please contact us.

Bars

Stainless steel

Diameter:
0.5 → 12"

Grades:
304L/1.4307, 316L/1.4404,
2205/17.4

for other grades and dimensions,
please contact us.

Nickel alloys

Diameter:
0.5 → 3"

Grades:
Alloy 400 K500 RW G
for other grades and dimensions,
please contact us.

Stainless steel

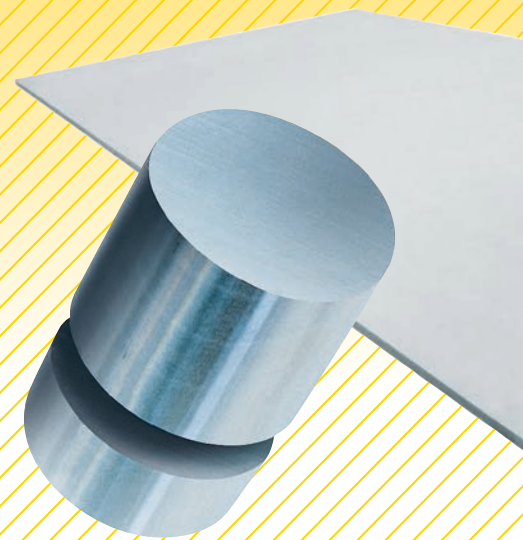

JACQUET stocks a wide range of stainless plate in thicknesses from 0.125 → 6" and in widths 48, 60, 79, 96, 120 depending on grade. We offer stainless round bar in diameters 0.5 → 12" in both full lengths and cut pieces.

INOX / NICKEL ALLOYS

JACQUET Midwest Inc. is located in Racine, Wisconsin, situated 25 miles south of Milwaukee, and 60 miles north of Chicago. We are only 5 miles off Interstate 94. 4 overhead cranes cover the entire footprint of our 69,000 sq. ft. facility. Material is handled with ease for loading and unloading onto our 14' x 40' foot plasma table as well as our 12' x 20' foot waterjet table. With two drive through entrances, product can be loaded and unloaded all under roof, so it is protected from the sometimes harsh midwest environment.

JACQUET Midwest maintains a large inventory of stainless and nickel grade materials to supply all your project needs, and we look forward to working with you soon.
